Hi Rupika,

I will schedule a call to go over Rolling Knolls with you tomorrow, and might schedule another call for Friday. There's a lot going on and it's not all clear cut. In the meanwhile, I will send you the draft Feasibility Study so you can get a feel for the technical issues.

Hi Supinder,

I started familiarizing myself with the RK site using the EPA superfund page and piecing together the email chain on the latest MOU. I know we're also meeting Thursday regarding the site, but in the meantime I wanted to ask if you had any other background documents on the site I could read. Whatever you think would be most helpful. Thanks!

Sincerely,
